Project summary - Survey Required

Dear Esteemed Customer,

We are equipped to facilitate a combi boiler replacement, presenting you with choices between Worcester Bosch, Vaillant & ATAG Boilers.

Our accredited technicians are proficient in executing the swap efficiently, ensuring secure connections and optimal system functionality. The installation encompasses both a manufacturer guarantee and an installation assurance.

Please call our customer support team if you need any help or advice on your choices.

Scope of Works

Installation of Worcester Bosch, Vaillant OR ATAG Options include:

- Shutting off Gas Supply & Power Supply
- Draining the System
- Disconnection of Gas and Water Lines
- Disposal of the existing boiler
- Adjustment of piping as necessary
- Placing the new boiler in the existing location
- Reconnection of Gas and Water Lines
- Setting up Ventilation and Flue
- Electrical Connections
- System Filling and Venting, with meticulous air purging to prevent airlocks
- Testing and Commissioning
- Registration with manufacturers for activating the warranty and issuance of Gas safety Compliance Certificate

** As certified ATAG members, our boilers are backed by a 18 year guarantee covering all parts & labour.
** As certified Vaillant members, our boilers are backed by a 10 year guarantee covering all parts & labour.
** As certified Worcester Bosch members, our boilers are supported by a 5-12 year guarantee encompassing all parts & labour.

** Please inform us if you wish to include any additional optional features.

Warm regards,
Property Response Group
