Accept WeChat payments in the UK

微信支付
WeChat Pay

WeChat Pay is rapidly becoming a principle payment method for businesses wanting to reach Chinese individuals, both home and abroad.

Everpay connects UK businesses and over 600 million Chinese consumers, and can handle all the ways your users want to pay, whether it is via Quick Pay, QR Code, In-App Web-Based, or Native In-App Payments.

- ✓ 600 million active users
- ✓ Frictionless payments
- ✓ Refunds supported
- ✓ Multiple payment methods

Payment methods

Offer a payment method to your users that they know and trust, online, in app or in store.

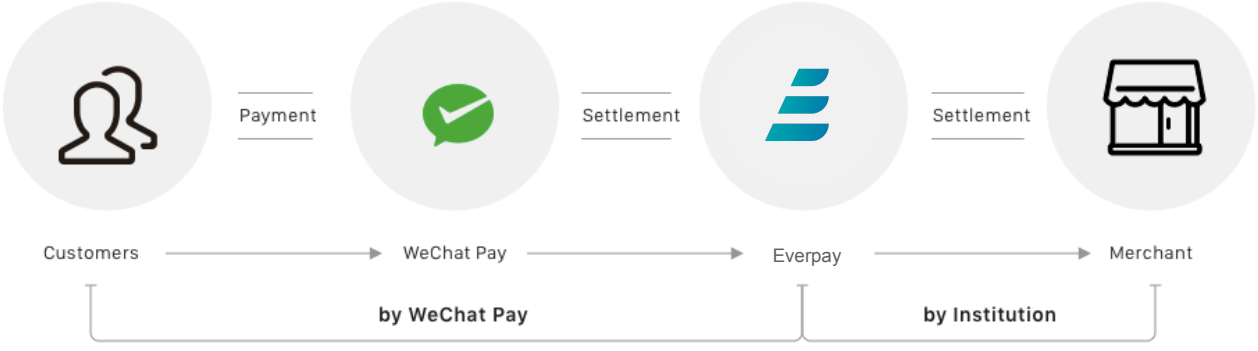

Growth

Expand into new markets with local payment methods.

Revenue

Optimise each transaction, increase conversions and boost revenue.

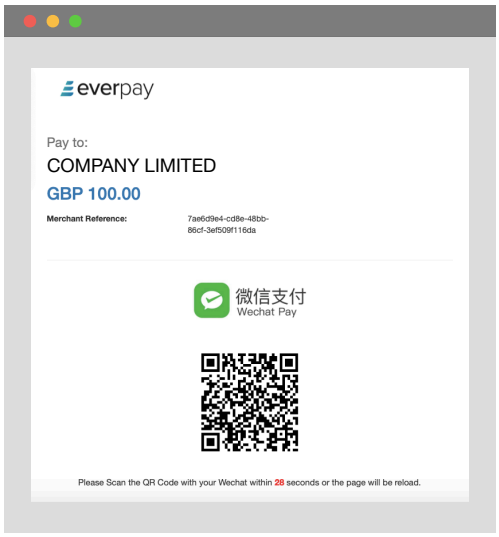

Fund Settlement

QR Code Payments

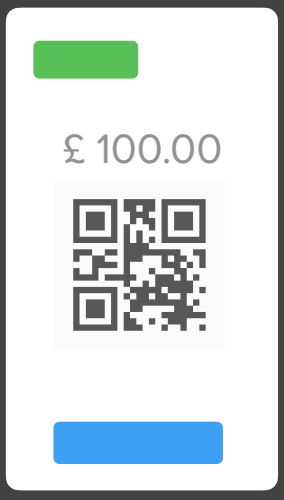

A unique QR Code will be generated for each merchant. Chinese customers complete the payment by selecting ‘Scan QR Code’ option in their WeChat app. This payment method can be used online, in person, on invoices and many other scenarios.

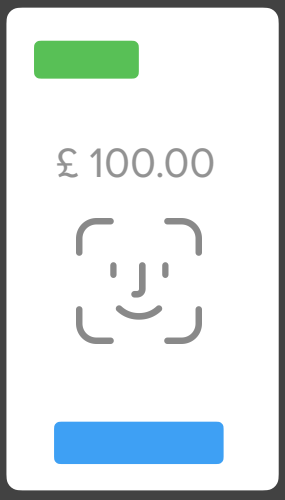

Direct Payment Link

The Everpay Direct Payment Link feature enables merchants to collect payments by entering the amount and generating a link or QR code which can be sent to the customer via email, message, social media etc, The customer makes the payment by clicking the link or by scanning the QR code.

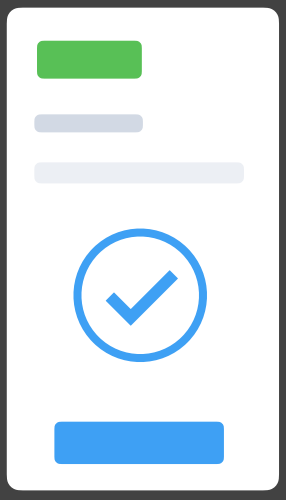

Scan QR code

The end user confirms the payment amount and scans the QR Code (online or offline)

Confirm payment

The end user confirms the payment with Face ID, Touch ID or their PIN.

Payment complete

The end user is directed to the payment success page and the payment is complete.

Why use WeChat Pay?

Lower Fees

A cheaper alternative to traditional payment methods such as card payments.

More Secure

Encrypted by WeChat payment channels means no chargebacks and almost zero fraud.

User Friendly

An easy to use payment flow for an enhanced user experience.

Faster

Frictionless payments with minimal steps, payments are completed in 3 seconds.
